Whereas we believe it is a fundamental constitutional right that individual Americans -- not government-- can best take responsibility for making intensely personal decisions about their own reproductive lives, we support reproductive freedom of choice as established by *Roe v. Wade*.

Whereas we believe that the best way to make abortion rare is to ensure that individuals have access to voluntary family planning, counseling, and information.

Whereas we believe that international family planning programs save the lives of women and children, contributes to the welfare of communities, and creates hope for humanity around the globe.

Be it resolved that the Minnesota _____ Party supports:

State and federal funding for reproductive health services; and for age-appropriate, medically accurate sex education; and federal funding for voluntary international family planning.
